Discussion Tab

View Discussion Thread by default is expanded. Each new discussion comment is added to the top of the table (most recent displayed at the top). Lesson Managers have the ability to delete Discussions.

Save will save any modifications. Selection of *Cancel* removes any changes and returns the user back to the original Discussion Tab view (prior to any modification).

Action Tab

View Action Thread by default is expanded. Each new action comment is added to the top of the table (most recent displayed at the top). Lesson Managers have the ability to delete Action statements.

Recommendations Tab

View Recommendation Thread by default is expanded. Each new recommendation comment is added to the top of the table (most recent displayed at the top). Lesson Managers have the ability to delete Recommendation statements.

End State Tab

View End State Thread by default is expanded. Each new end state comment is added to the top of the table (most recent displayed at the top). Lesson Managers have the ability to delete end state comments.
